Application for Conservation Project Funding

Vya Conservation District (VCD) has funding available on a cost – share basis for projects which will enhance rangeland health within the Vya Conservation District. Our goal is to help the landowner with their share of the project cost. Project proposals can include such things as water developments, Sage Grouse initiative projects, weed control, and other projects which will further the goal of improved natural resources.   Projects can be on private or public land. All projects must be evaluated by VCD and may require a site visit by one of our supervisors before funding approval.

Applications will be reviewed by the VCD at each of our regularly scheduled meetings. Applications may be funded in part or in full at the discretion of the Board. Applicants must submit their projects IN PERSON at a VCD board meeting. Funding is limited and will continue as long as funding is available or until the Board of Supervisors chooses to terminate the program.

Application

Date Submitted: _____

Name of Applicant: _____

Name of Entity (i.e. Jones Valley Cattle Co.) _____

Mailing Address: _____

Email address: _____

Phone number: _____

Name of Project: (i.e., Jones Ranch Sage Grouse Habitat Improvement)

_____

Physical Location of Project: _____

Estimated/Full Cost of Project: $ _____

Other Entity Funding (NRCS, NDOW, etc.) $_____

Other Funding Sources: $_____

Landowner Share of Project Cost $_____

Amount requested from Vya Conservation District $_____

Project Description: Describe your project in detail, including how it meets conservation needs in your area. Attach additional pages if needed.
